The enrollment process for receiving University of San Diego units will take place upon arrival at the Jazz Residency. The Stanford Jazz Workshop will cover the cost of the semester units for all teachers (with proof of employment). All Stanford Jazz Workshop fees need to be paid prior to enrolling in USD units.

*USD Continuing Education graduate level classes are designed for the professional growth of practicing teachers. While credit can be used for salary advancement, teachers are advised to gain prior approval from the appropriate division within their own school district.

The University of San Diego operates on the semester system and credit is awarded in semester units with each unit indicating approximately fifteen hours of classroom time. (Most school districts accept EDU 500-599 series courses as credit for Professional Development purposes.)
